# **The Economical Development of Basrah Border**

**Lect. Hussein Qasem Mohammed AL-Yassiry**  
**Basrah and the Arab Gulf Research Center**  
**Basra Universit**

## **Abstract**

The importance of this study is to reveal the bad circumstances of border areas despite of their importance economically and socially. They distindushed by their public gathering that can be invested for the integrated regional development. The results of the current study reveals the reality of these areas characterize by Inside track economic of the existence of outlets with neighboring countries, sea ports, fields of joint oil, and water and agricultural areas of which can be developed through some of the proposals that that important activation of cooperation with neighboring countries, the protection of land sea borders and the establishment of joint free zones.
